LAUSANNE

Bottoms Up

Looking out onto Lausanne's imposing Gothic cathedral, the **Swiss Wine Hotel & Bar** provides a perfect base for a wine tour, showcasing the white wines of Lavaux. The region boasts some of the most beautiful and tranquil scenery in Switzerland. Studio MHNA's ambitious project fuses contemporary and homely elements, with guest rooms combine raw and contemporary materials: wood, stone and cork juxtaposed with coloured glass, porcelain tiles and Jean-Paul Gaultier fabric. www.byfassbind.com
